

## Acronyms

A	ampere
AC	alternating current
AWG	American wire gauge
cfm	cubic feet per minute
CW	clockwise
DC	direct current
ETC	electronic temperature control
F.F.	fresh food
HE	high efficiency
Hg	mercury
in.	inch
L.E.D.	light-emitting diode
m	meter
μ	micron
mA	milliampere
M.O.V.	metal oxide varistor
NC	normally closed
NO	normally open
NPT	National Pipe Threading
NTC	negative temperature coefficient
psig	pounds per square inch gauge
PTC	positive temperature coefficient
RF	radio frequency
rpm	revolutions per minute
RTD	resistance temperature detector
V	volt
W	watt
